INDIANA HISTORICAL SURVEY

UNDER THE DIRECTION OF THE
DEPARTMENT OF HISTORY AND POLITICAL SCIENCE
OF INDIANA UNIVERSITY

The purpose of this Survey is to collect, catalogue and preserve manuscript and printed materials; to edit and publish the most important source materials; and to publish a series of monographic studies on the history of the State with a view to a worthy celebration in 1916. The Survey will welcome gifts of materials which will aid it in its work, and persons making such will be doing a patriotic service to the State. Loans of materials will also be welcomed. The State University has a fire-proof library where such materials will be safely stored; and persons having valuable collections, with which they are unwilling permanently to part, can have the assurance that they will be kept safely here, under lock and key, and subject to recall at any time. Where owners are unwilling to deposit materials for indefinite custody, arrangements will be made to have them copied and the originals returned to the owner. Files of Indiana newspapers and pamphlets or books by Indiana writers are desired.

The success of this undertaking will depend upon the loyalty with which citizens of Indiana co-operate with the Survey. The assistance of all organizations and persons interested in the history of the State is earnestly desired. It is hoped that at an early date a wider organization, in which will be included all prominent workers in the field of Indiana history, can be effected.

Arrangements can be made for a speaker to address meetings organized to further interest in Indiana history and in the work of the Survey. Correspondence should be addressed to the

*Secretary of the Indiana Historical Survey,
Bloomington, Indiana*
